Youth in Urban Governance

DC Surabhi Malik and MC Commissioner Dr Shena Aggarwal flagged off the first fleet of buses carrying students for field tours. This signalled the start of the YUG (Youth in Urban Governance) initiative in Ludhiana, a joint venture between the District Administration, Municipal Corporation, and Ludhiana Smart City Limited. The objective is to promote the involvement of the youth in the city's governance by sensitizing them through field visits and sessions that help them appreciate the various facets of city administration including solid waste management, road safety, cybersecurity amongst others.

Hands-on learning accompanied by the inculcation of civic manners will mould the youth into climate-conscious individuals and positive change-makers for the future.

Skilling

The District Education Officer, SE Mr. Harjit Singh, in collaboration with Training Coordinator Mr. Jasvir Singh, successfully conducted an extensive induction training program for 4161 newly appointed teachers in Meritorious School, Ludhiana. 178 newly appointed teachers from the district were present during the training.

The induction training, held from May 15 to May 31, aimed to equip the teachers with essential skills, knowledge, and resources to excel in their roles and contribute effectively to the education system of Ludhiana. The program covered a wide range of topics, including Civil Services rules, pedagogy, curriculum implementation, classroom management, assessment techniques, and educational technology integration.

Environment

A workshop aimed at promoting the utilization of canal water instead of ground water was held at Meritorious School in Ludhiana. The workshop was organized under the guidance of Harjit Singh, District Education Officer SE, and Jasvir Singh, District Science Mentor.

The workshop, conducted on May 26 for Government High Schools and May 27 for Government Senior Secondary Schools, aimed to raise awareness among school authorities about the benefits of utilizing canal water as an alternative water source. The event emphasized the importance of preserving ground water resources and promoting sustainable water management practices.

During the workshop, participants were provided with valuable insights and practical knowledge on efficient water management techniques, including the collection, storage, and distribution of canal water. Various experts and resource persons delivered informative sessions, highlighting the significance of reducing dependence on ground water and promoting the use of readily available canal water.

Sports Success

Young sportspersons of Ludhiana participated in the Khel India University Games 2023. They have made the city proud by bringing home 3 gold and 15 bronze medals, in sports events ranging from rowing to fencing. Gurbani Kaur and Simranjit Singh won gold in rowing, and Jasandeep Singh won 1st place in athletics.

Jasjit Singh from Government College Boys has been selected for the coaching camp of AVC Men Challenger, which is taking place in July in Taipei, Taiwan.
